MIRACLE JACK 'N' JILL

Model JJ-1 (with roof); Model JJ-2 (less roof)

Miracle works wonders with several forms of playground equipment to create the Jack 'n' Jill. Imaginative design offers countless play possibilities plus many body-building features, too. The novel combination of climbers, ski slide, stairway and "lookout tower" will provide hours of fun for the individual as well as groups of children. The Miracle Jack 'n' Jill is the ideal "centerpiece" for any playground.

SPECIFICATIONS

CLIMBER FRAMES: 2⅜" O.D. galvanized pipe with 1" galvanized pipe rungs.

SLIDE: 16 gauge formed stainless steel.

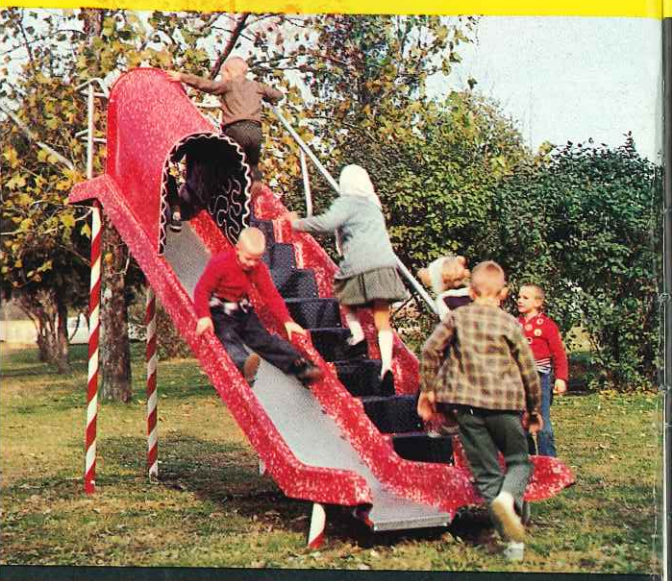
STAIRWAY: 14 gauge formed non-skid floor plate with 10 gauge formed stringer channel.

TOWER: 2⅜" O.D. support legs, "Perma-Lok" processed; formed 14 gauge non-skid floor plate flooring; expanded metal sides; 3/16" molded fiber glass roof.

GROUND SPACE:
14' x 20'

SHIPPING WEIGHT:
Model JJ-1: 980 lbs.
Model JJ-2: 850 lbs.

SLIDES



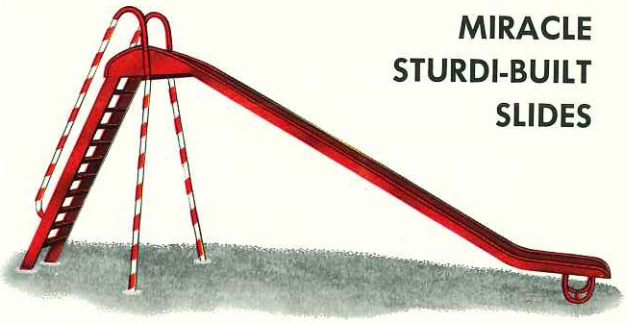
MIRACLE TRAIL BLAZER SLIDE

Model TB-10 (10′ bedway); Model TB-16 (16′ bedway)

This one-piece fiber glass slide is so totally new in design, it's patented. The Miracle Trail Blazer is also much safer than conventional slides. The wide stairway and safety railing replace the dangerous ladder. Non-skid floor plate on stairs and pre-slide platform help prevent slipping. The fiber glass tunnel adds interest and discourages stand-up sliding. This slide is truly a trail blazer . . . in appearance, appeal and safety!

GROUND SPACE:
TB-10: 4′ x 10′
TB-16: 4′ x 16′

SHIPPING WEIGHT:
TB-10: 430 lbs.
TB-16: 690 lbs.



MIRACLE STURDI-BUILT SLIDES

SLIDES

MIRACLE WAVE SLIDE

AND TOWER CLIMBER (Model SS-5)

Always a thrilling slide . . . now Miracle makes it a safe slide, too. The bedway is deeply recessed in the fiber glass frame for maximum safety . . . the hand rests formed by the frame are wide, smooth and splinter-proof . . . the safety tunnel prohibits stand-up sliding. For added interest and exercise, the Miracle Wave Slide is mounted on our Tower Climber, although it is also designed to fit existing 8′ high slide steps.

GROUND SPACE: 3′ x 19′ **SHIPPING WEIGHT:** 654 lbs.

SPECIFICATIONS

BEDWAY: 16 gauge stainless steel.

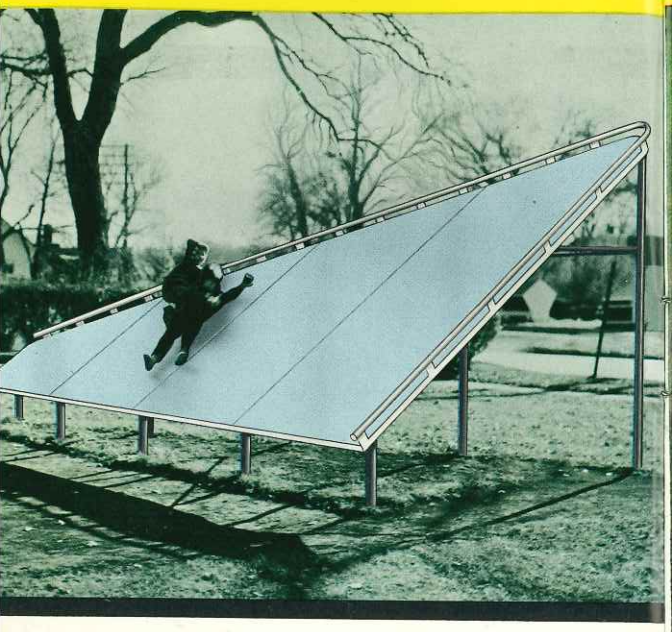
SIDERAILS: Split tubular steel hand rests over 3/16″ structural steel angles.

STAIRWAY: Formed 14 gauge non-skid floor plate welded to 10 gauge channel steel.

SUPPORT LEGS AND HAND RAILS: 1½″ O.D. steel tubing.

	Model SS-2	Model SS-3	Model SS-4
HEIGHT:	6′	8′	10′
BEDWAY:	12′	16′	20′
GROUND SPACE:	4′8″ x 15′6″	6′ x 20′	7′6″ x 24′
SHIPPING WEIGHT:	300 lbs.	350 lbs.	400 lbs.

SLIDES



MIRACLE EARN-A-SLIDE

Model ES-1 (72 sq. ft. bedway)
Model ES-2 (120 sq. ft. bedway)

Look, no steps! To get a slide, you've got to work for it on the Miracle Earn-A-Slide. It's a real challenge that appeals to children of all ages. It's a real body-builder that continually spurs the child to climb to the top of the slide. The reward is a feeling of pride . . . and a longer slide! Patented design eliminates the major cause of sliding accidents . . . the ladder! Stainless steel surface thrives on scratches.

SPECIFICATIONS

SLIDING SURFACE 16 gauge stainless steel.
SUPPORT LEGS: 2⅜" O.D. galvanized steel pipe.
HAND RAILS: 1½" O.D. aluminum tubing.
GROUND SPACE:
Model ES-1: 3' x 12'
Model ES-2: 9'4" x 15'

SHIPPING WEIGHT:
Model ES-1: 568 lbs.
Model ES-2: 908 lbs.

SLIDES

MIRACLE ABC SLIDE

Model ABC

The Miracle ABC Slide suggests many playtime activities for the smaller children such as "Jack and Jill," "Follow the Leader," and "Three Billy Goats Gruff." Though safety steps are provided, bolder children can run up the stainless steel bedway or climb up the sides.

GROUND SPACE: 3′ x 11′ **SHIPPING WEIGHT:** 330 lbs.

MIRACLE ELEPHANT SLIDE

Model AS6F

An elephant's trunk makes an exciting slide! Three-dimensional fiber glass sides support safety steps and stainless steel bedway.

GROUND SPACE: 1′ x 8′
SHIPPING WT.: 275 lbs.

MIRACLE DOME WHIRL

Model 304

This colorful Miracle creation of all-weather fiber glass is always the center of attraction! Rotates parallel to the ground so children can safely step on or off whirl while in motion. One child can easily spin unit which gently revolves on a 3½ O.D. steel column with a double set of ball bearings.

GROUND SPACE: 14′ diameter **SHIPPING WEIGHT** 500 lbs.

MIRACLE SAUCER WHIRL

Model 305

A fascinating new whirl as modern as the space age! Formed by twin fiber glass domes with structural steel bracing, there's room for eight junior astronauts. Imaginative unit is available for permanent or portable installation.

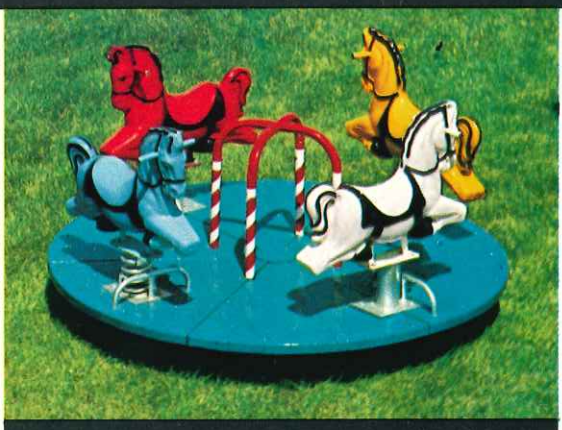
GROUND SPACE 10′ diameter **SHIPPING WEIGHT:** 348 lbs.

MIRACLE MERRY FLYER

Model MF-2

No pulling, no pushing, no pumping! Just the weight of one child propels the Miracle Merry Flyer like magic. The secret is the patented gooseneck shaft which is attached to the connecting arms. Permanently lubricated roller bearing assembly.

GROUND SPACE: 12′ diameter **SHIPPING WEIGHT:** 196 lbs.



MIRACLE MUSTANG WHIRL

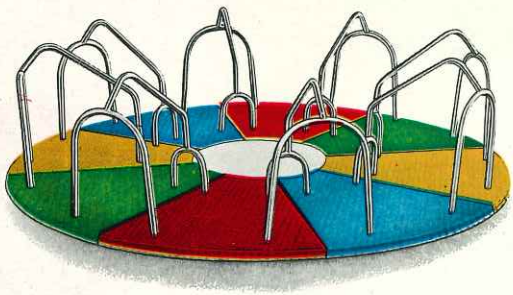
Model 301 (less motor); Model 301P (with motor)

Yippee! Here's a whirl designed for the real small children. Nothing so exciting or so safe! The Miracle Mustang Whirl is ideal for nurseries and tot-lots.

GROUND SPACE:
6′ diameter

SHIPPING WEIGHT:
Model 301: 348 lbs.
Model 301P: 370 lbs.

WHIRLS



MIRACLE LIFETIME WHIRL

Model 302

One of the most popular playground items ever developed! Our famous whirls are spinning right now on playgrounds from coast to coast, providing thousands of children with safe, healthful recreation. Heavy-duty all-steel construction assures years of maintenance-free operation.

GROUND SPACE: 10′ diam. **SHIPPING WEIGHT:** 616 lbs.

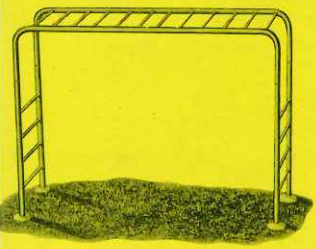
MIRACLE JUNIOR WHIRL

Model 300

This is merely a smaller version of the Miracle Lifetime Whirl shown above. It works on the same principle as the larger model and features the same heavy duty construction. It is designed primarily for smaller children but built to accommodate their parents, too.

GROUND SPACE: 6′ diam. **SHIPPING WEIGHT:** 240 lbs.

CLIMBERS

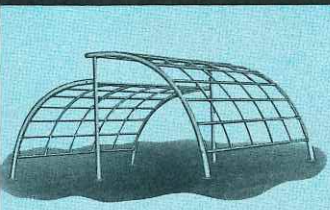


MIRACLE HORIZONTAL LADDER

Model HL-1

An old favorite with a modern design which eliminates the need for awkward fittings.

GROUND SPACE: 14'2" x 2'
SHIPPING WEIGHT: 370 lbs.



MIRACLE TWO-LEVEL CLIMBER

Model DC-2

A versatile climber whose interesting design suggests many body-building uses.

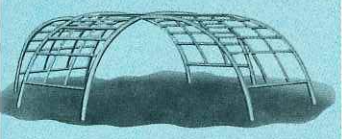
GROUND SPACE: 13'2" x 8'10"
SHIPPING WEIGHT: 370 lbs.

MIRACLE TWO-WAY CLIMBER

Model 2-WC

Tested arch design does not require a dangerous maze of pipes for support.

GROUND SPACE: 13'2" x 5'2"
SHIPPING WEIGHT: 200 lbs.

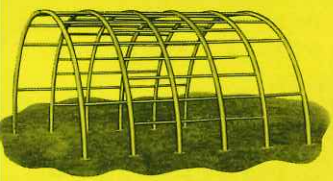


MIRACLE FOUR-WAY CLIMBER

Model 4-WC

Nobody will have to wait to take his turn on this large capacity climber.

GROUND SPACE: 13'2" diameter
SHIPPING WEIGHT: 400 lbs.



MIRACLE DOME CLIMBER

Model DC-1

Both widely-spaced and closely-spaced rungs add to the versatility of this climber.

GROUND SPACE: 12'6" x 10'
SHIPPING WEIGHT: 490 lbs.

CLIMBERS

MIRACLE STEAM ENGINE CLIMBER

Model TC-1

All aboard for fun and fitness! Miracle combines the appeal of a train engine with the body-building features of a climber. Ideal for smaller youngsters who might shy away from more challenging climbers.

GROUND SPACE: 4′ x 7′10″ **SHIPPING WEIGHT:** 215 lbs.

MIRACLE CAPTAIN'S DECK

Model CD-1

You'll have no trouble signing on a full crew when the Miracle Captain's Deck drops anchor on your playground. This creative climber provides imaginative play and exercise for any number of sea farin' skippers.

GROUND SPACE: 13′6″ x 18′ **SHIPPING WEIGHT:** 870 lbs.

CLIMBERS

MIRACLE SPIDER CLIMBER

Model SP-1

The Miracle Spider Climber attracts children of all ages to its web but four sliding poles provide quick escape.

HEIGHT: 9'6" above ground
GROUND SPACE: 7' square
SHIPPING WEIGHT: 258 lbs.

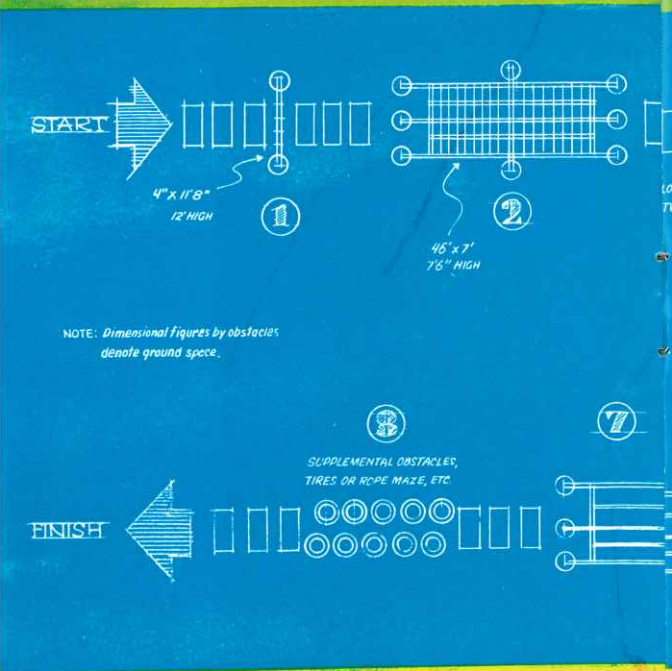
MIRACLE SKYWAY CLIMBER

Model SK-1

The Miracle Skyway Climber safely satisfies that yearning to climb. Modern patented design is more attractive than the old-fashioned "jungle gym" and safer, too. Telescoping sections form a smooth, continuous frame.

GROUND SPACE: 14'6" square **SHIPPING WEIGHT:** 250 lbs.

PHYSICAL FITNESS



An interesting, challenging course designed to provide a comprehensive physical fitness program for junior high through college ages.

MIRACLE BASKETBALL BACKBOARD

Model BB-2 (double-post support); Model BB-1 (single-post support)

No soft or dead spots on this official-size, all-weather backstop of die-formed, hot-rolled 10 gauge steel. Goal features chain net which will last for years. Support posts are candy-striped for safety . . . "Perma-Lok" processed for enduring beauty.

SHIPPING WEIGHTS: Model BB-2, 300 lbs.; Model BB-1, 200 lbs.

MIRACLE BICYCLE RACK

Model BR-22

Solve your playground's "parking problem" and eliminate unnecessary hazards with this attractive bike rack. Telescoping design does away with fittings, speeds installation. Each rack accommodates twenty-two bikes.

GROUND SPACE: 3′ x 10′ **SHIPPING WEIGHT:** 130 lbs.

MIRACLE'S EXCLUSIVE

PERMA-LOK PROCESS

Although other manufacturers have tried to copy Miracle's famous candy-stripe design, only Miracle protects the finish with a clear coating of fiber glass. This is Miracle's exclusive "Perma-Lok" process.

1

First, the steel pipe is detergently cleaned of all rust and dirt. Then the pipe is phosphate-coated and etched for greater paint adhesion and corrosion resistance.

2

After the pipe is primed, coats of white and red epon enamel are applied and baked on to produce Miracle's famous candy-stripe design.

3

Finally, a clear 6 oz. covering of fiber glass, impregnated with special resins, is wrapped around the pipe to seal and protect the attractive, colorful finish.

SWINGS

MIRACLE FLYING PONY SWING

Miracle's flying ponies are all saddled up and ready to go! Even the smallest cowpoke can safely ride one of these colorful fiber glass mounts. No trick to pumping up . . . just push forward on the foot rest. Tubular steel suspension at three points keeps each pony swinging safely in the same arc. Sturdi-Grip Hanger features life-time oil-impregnated steel bushings for noiseless, trouble-free operation. Candy-striped frame is virtually scratch-proof, thanks to Miracle's exclusive "Perma-Lok" process. Although the Miracle Flying Pony Swing is designed for a double top rail frame, an adapter is available for single top rail swings.

The Miracle Fiber Glass

FLYING PONY

Nothing can compare to Miracle's Flying Pony for beauty, safety, and durability. Large, realistic body is pressure molded of heavy-duty fiber glass in your choice of four colors. One-piece tubular hand and foot rest is safer and more attractice. Oil impregnated bushings assure noiseless operation.

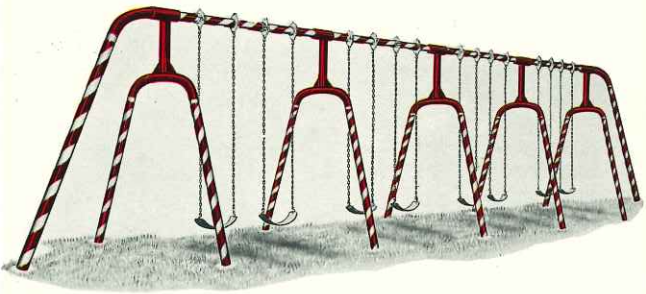
MIRACLE HOBBY HORSE SWING — features three-dimensional horse's head of molded fiber glass framed in tubular steel. Designed for double top rail chain suspension but adapter available for single top rail units.

MIRACLE GLIDER HORSE SWING — ideal for popular playgrounds with limited ground space. Suspended by twin tubular steel arms from double top rail but adapter available for single top rail swings. Twin horse heads are of fiber glass.

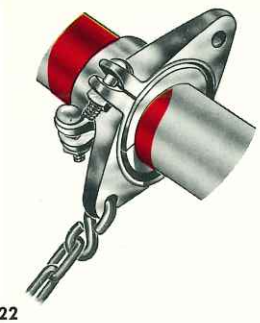
SWINGS



MIRACLE BELT SEAT SWINGS

Miracle's patented swing frame makes all other swing sets look old-fashioned. The modern design has its practical side, too. Telescoping principle permits quick and easy installation by eliminating fittings. Attractive candy-stripe finish is "Perma-Lok" processed for years of maintenance-free beauty. Miracle Belt Seat Swings come in 8′, 10′ and 12′ heights to fit the needs of any playground.

SLASH-PROOF BELT SEAT
Miracle's molded rubber belt seat is reinforced with spring steel to prevent pinching and to discourage vandalism.



MIRACLE'S WRAP-AROUND SWING HANGER

A modern hanger for a modern swing! This exclusive Miracle Hanger can revolve 360°, preventing vandals from winding up the swings around the top rail. Nylon bearing assures noiseless operation without need for lubrication.
